ORIENTAL COSMETICS

The hits of korean COSMETICS are now in a new format — splash-patches!

WHAT IS SPLASH?

Splash-patches are a product that combines 2 stages of care:

① Face serum

② Patches

An increased amount of serum has been added to the patch jar and can now be applied to the entire face while using the patches.

This is an additional care for you and your skin.

NO
SLS
Parabens
Mineral oil

The main hit of Korean cosmetics is hydrogel patches with additional serum:

1. moisturize, refresh and tone
2. lighten dark circles under the eyes
3. eliminate puffiness and signs of fatigue
4. reduce facial wrinkles and prevents the appearance of new ones

HYDROGEL EYE PATCH PEARL

Hydrogel patches for moisturizing and PEARL`S GLOW

- **Swallow's Nest Extract** it has antioxidant properties, stimulates the production of collagen.
- **Pearl Extract** improves the skin's moisture level and elasticity
- **Vitamin E** it has a powerful antioxidant effect, activates the synthesis of collagen and elastin.
- **White Mulberry Root Extract** it is used in traditional oriental medicine, brightens the skin and smoothes its texture.
- **Sesame Seed Extract** fosters hydration, stimulates skin regeneration

Botox-like peptide – ACETYL HEXAPEPTIDE-8

stimulates the production of its own collagen and relaxes the muscles

HYDROGEL EYE PATCH SNAIL

Hydrogel patches of anti-age SNAIL

- **Snail Mucin** fosters active cell regeneration, increases the elasticity and elasticity of the skin, smoothes the microrelief
- **Vitamin E** it has a powerful antioxidant effect, activates the synthesis of collagen and elastin.
- **Allantoin** intensively moisturizes the skin, restores and protects it from free radicals.
- **Peony Root Extract** traditionally used in the East to lighten the skin.
- **Cocoa Extract** it has an antioxidant and soothing effect.

Botox-like peptide – ACETYL HEXAPEPTIDE-8

stimulates the production of its own collagen and relaxes the muscles

Patches are perfect not only for the delicate skin under the eyes, but also for any «tired» zone of the midface:

nasolabial folds, interbrow space, etc.
