DETOX PLUS STEP 1–3

— formulas of gentle and
effective clarification

РАЗРАБОТАНО
ULTRANOVATION
R&D Laboratory

HALAL CERTIFICATION
ХАЛЯЛЬ
СИСТЕМА СЕРТИФИКАЦИИ «ХАЛЯЛЬ»

Activates the main mechanisms of clarification in the correct sequence, improving the protective and filtering functions of the bowel **(DETOX STEP 1 PLUS)**, liver **(DETOX STEP 2 PLUS)** and kidneys **(DETOX STEP 3 PLUS)**.

DETOX FORMULAS CONTAIN:

Floracia® — natural dietary fiber, unique combination of two types of natural soluble dietary fiber: long-chain polysaccharides from acacia and short-chain oligosaccharides of inulin from chicory root.

- **Floracia®** has a low molecular weight, is an effective prebiotic and is instantly broken down in the bowel, having effect on microflora.
- **The main task of Floracia®** fiber is effective adjusting of bowel clarification, of the bowel flora composition, and the immune protection enhancement.

Detox Step 1

40 капсул по 400 мг

DETOX FORMULA
КИШЕЧНИК
PHASE 1

Greenflash
Detox 1 plus
Key to health
40 капсул по 450 мг

UPDATED FORMULA

Active ingredients
DETOX Colon (“Bowel”)

Active ingredients
DETOX Step 1 (“Bowel”) PLUS

Common to formulas

STEP 1. DETOX (“BOWEL”):

Detox («intestin») — start of the cleansing program, formula components:

- they are a feed medium for beneficial microflora, improve food digestion,
- and eliminate bowel failures.

Aloe vera extract, rich in polysaccharides, is an excellent detoxifying agent, which improves the function of the gastrointestinal tract, and has laxative properties.

Fennel fruit extract enhances the secretion of the glands of the gastrointestinal tract, normalizes the digestive system,
stimulates kidney function.

DETOX COLON

- **Plantain extract** promotes effective clarification and stimulates the work of the pancreas, liver and gallbladder.
- **Gelatinous capsules.**
No Halal certificate available.

DETOX STEP 1 PLUS

- **Coriander fruit extract**, coriander essential oil and fennel essential oil have mild spasmolytic and analgesic effects, making Step 1 more comfortable.
- **Coriander seeds** have antiseptic, antioxidant and hepatoprotective properties.
- **Burdock root extract** helps to adjust bowel

function, eliminate heavy feeling in abdomen and bloating. Burdock root is an additional source of dietary fiber — inulin — to enhance the cleansing effect.

- **Cellulose capsules.**

Halal certificate.

Detox Step 2

DETOX
DETOX FORMULA
PHASE 2

ACTIVE INGREDIENTS
DETOX LIVER ("LIVER")

»

Greenflash
Detox 2 plus
Key to health
40 капсул по 455 мг

UPDATED FORMULA

ACTIVE INGREDIENTS
DETOX STEP 2 ("LIVER") PLUS

Common to formulas

STEP 2. DETOX ("LIVER"):

- helps optimize liver function and improve bile outflow,
- is a source of herbal hepatoprotectors.

Turmeric extract stimulates the enzyme induction that are responsible for detoxification. The active substance of turmeric (curcumin) is an effective agent for lowering the level of triglycerides in the liver, has a pronounced anti-inflammatory and choleretic action.

Peppermint extract contains carotene, terpenoids, betaine and essential oils, which increase bile secretion,
in addition, this substance reduces smooth muscle tone, acting as a spasmolytic.

Lemon peel extract stimulates clearance of a liver, helps to excrete those harmful

substances that other products are powerless against.
Lemon also adjusts the level of oxygen and calcium in the liver.

DETOX LIVER

- **Ginger extract** enhances metabolism, cleanses the body of toxins, improves the filtering functions of the liver. Ginger extract helps to excrete almost all types of toxins: foodborne, alcoholic, chemical.
- **Green tea extract** is rich in antioxidants, so it contributes to cleansing from free radicals. Green tea contains a powerful antioxidant that protects liver from toxic damage.
- **Millet extract**, due to the high content of nicotinic acid, copper and manganese, has the ability to stimulate hematopoiesis, and also contributes to the dilation of coronary vessels.
- **Gelatinous capsules.**
  No Halal certificate available.

DETOX STEP 2 PLUS

- **Artichoke and spinach leaf extracts** help to improve the processes of bile formation and bile secretion. They have a multilateral effect on fat metabolism, correct cholesterol synthesis and reduce atherogenic fractions (“bad” cholesterol). They enhance the effect of curcumin, increasing antioxidant activity and providing a hepatoprotective effect.
- **The extract and essential oil of coriander** relieve the sense of discomfort in the right hypochondrium, of flatulence.
- **Cellulose capsules.**
  Halal certificate.

Detox Step 3

DETOX FORMULA
40 капсул по 400 мг
почки
PHASE 3

ACTIVE INGREDIENTS
DETOX KIDNEY (“KIDNEYS”)

UPDATED FORMULA

Detox 3 plus
Greenflash
Key to health
40 капсул по 430 мг

ACTIVE INGREDIENTS
DETOX STEP 3 (“KIDNEYS”) PLUS

Common to formulas

STEP 3. DETOX (“KIDNEYS”):

- adjusts the water-salt balance in the body,
- helps to reduce morning under-eye puffiness and evening swelling in the legs,
- is the prevention of urinary tract infection development.

Prickly pear extract has anti-inflammatory, diuretic and choleretic actions. In addition, it has drainage properties, contributing to the elimination of edema.

DETOX KIDNEY

- **Potassium citrate** enhances the excretion of urine, which is important for edema and poisoning to rapidly remove blood toxins. Regulates the fluid balance in the body. It has a good effect on kidney function and skin health.
- **Watercress extract** is an effective diuretic agent and prevents the formation of kidney and bladder calculi, supports the production of digestive juices.
- **Horsetail extract** is acknowledged as among the best of kidney cleansing means. Prevents calculi formation.
- **Artichoke extract** is rich in biologically active substances, is an antioxidant and has diuretic properties.
- **Gelatinous capsules.**
  No Halal certificate available.

DETOX STEP 3 PLUS

- **Hydrangea root extract** helps to alkalize urine, thanks to which denaturation of bacterial proteins is carried out. As a result, they lose their ability to cause and develop inflammation.
- **Cowberry leaf extract** in tandem with hydrangea contains arbutin, which is broken down with the forming of hydroquinone, a natural antibiotic. The latter is active only in an alkaline environment, which is provided by hydrangea.
- **Parsley leaf extract**, together with cherry fruit stalks and prickly pear extract, have a mild lymphatic drainage and anti-edematous effect. Hydrangea root prevents salt crystallization in urine and the formation of urinary sand.
- **Cellulose capsules.**
  Halal certificate.

AS A RESULT OF GOING THROUGH THE MAIN STAGES OF DETOXIFICATION:

1 SKIN HEALTH IS IMPROVED:

- skin rashes, foci of peeling are passed away,
- skin tightness and elasticity are improved.

2 METABOLIC PROCESSES ARE IMPROVED:

- protein assimilation is increased,
- excess load on the liver is discharged,
- fat metabolism disorders are eliminated,
- enzymes work is stimulated
- microbiota, an important element of metabolism, is corrected.

3 IMMUNITY BARRIER STRENGTHENS:

- the adaptive capabilities of the body in chronic diseases, stress, chronic fatigue syndrome are expanding.

4 GREAT START FOR WEIGHT LOSS PROGRAMS.

IMPORTANT! ADD ONE MORE STEP FOR THE BOWEL MICROFLORA AND A COURSE OF TAKING VITAMINS, MINERALS AND/OR ADAPTOGENS, THEN THE DEGREE OF ABSORPTION WILL BE HIGHER, AND YOU WILL BE ABLE TO GET THE MAXIMUM EFFECT.
