## Cacao butter

The most valuable component of cacao beans:

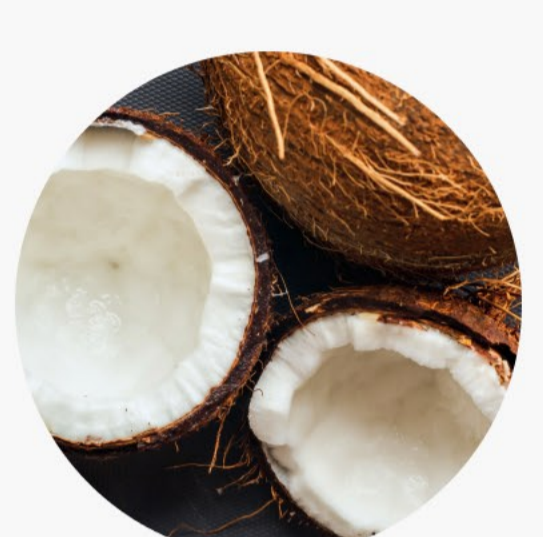

- Helps to strengthen the immune system.
- Maintains nerve cell function.
- Helps to reduce appetite.

## Protein

Dairy protein concentrate, soy protein isolate:

- Reduces the feeling of hunger.
- It is a construction material.
- Provides power to all systems of the body.

## Coconut oil

Medium-chain fatty acids:

- Help to speed up the metabolism.
- Help to prolong youthfulness.
- Nourish the nervous system.

## Vitamins and minerals

B1, B2, B3, B6, B9, C, calcium and iron:

- Help reduce emotional tension.
- Help replenish the body's need for nutrients.
- Participate in the normalization of metabolic processes.

## Dietary fiber

Isomaltooligosaccharide — a short-chain carbohydrate:

- Help the absorption of protein.
- Contribute to the normalization of the gastrointestinal tract.
- Have probiotic properties.

## Energy Life Bar "Orange"

The bright taste of juicy orange combined with a deep chocolate flavor for true gourmets.

## Energy Life Bar "Strawberry Praline"

The delicate flavor of ripe strawberries, milk chocolate frosting, and delicate praline for the most refined palates.

## Energy Life Bar "Double Chocolate"

The perfect flavor for chocolate lovers because this bar is chocolate-coated chocolate bar. There just cannot be more chocolate!

## Energy Life Bar "Coconut"

The bright taste of tropical coconut in milk chocolate is a classic, almost like an island paradise.

## Energy Life Bar "Caramel and Airy Rice"

Crispy pieces of airy rice, creamy flavor of caramel for those who are tired of the ordinary.

## Energy Life Bar "Praline with Walnuts"

Deep taste of dark chocolate with a slight hint of walnut.
