Natural components

Active ingredients with proven effectiveness

### EFFECT

- Improve microcirculation (**No discomfort!**)
- Help start the processes of the breakdown of fat tissue.
- Tone up, drain (**Enhanced effect!**)
- Stimulate the synthesis of collagen.
- Smooth and tighten the skin.

### APPLICATION

- Cosmetics help the skin maintain elasticity with any changes in weight, smooth the microrelief of the skin, and speed up metabolic processes.
- Use a cosmetic product of your choice daily in the morning and evening for at least 1 month and get the result.

The perfect result in the fight against excess weight and cellulite is achieved in combination with the 3D SLIM program and 3D SLIM cosmetics.
